

THE FUNG INSTITUTE PRESENTS

WINTER SPOTLIGHT

Tuesday, December 5
from 6-8pm at
the Hearst Memorial
Mining Building

Free event!

At the **Coleman Fung Institute for Engineering Leadership**, we strive to address real world problems through innovation. In a joint event, the **Master of Engineering** and **Fung Fellowship** programs will present cutting edge solutions to some of today's most pressing challenges using technology like AR/VR, machine learning, human-centered design, and more.

- ▶ Over 25 teams!
- ▶ Capstone project demos in AR/VR, FinTech, Data Science, and more.
- ▶ Health & Wellness in 2020 Expo
